Yes, San Juan again...should be good since I already know the operations and site locations.

Ok, good! Will you be in San Juan?

Jen,

Thanks for refreshing my memory! I have those dates on my calendar so I should be fine. I am heading back in the field for a Maria deployment (01/30-02/21) and Chloe asked me to check in to see what would be needed of me. I will have time to review the presentation and BERA summary.

Hey Chuck, the meeting is February 28th and March 1st.

I will ask you to review a memo we are putting together to provide a site briefing. The BERA discussion will be a component of that. So it should be about a page or two for your review. That will circulate week of 1/22.

CDM is also putting together about 10 slides on the eco risk that we will use for our presentation at the CSTAG briefing. I will ask you to take a look at those. That should circulate by the end of the month.

I believe I sent you the calendar placeholder for these days. Please let me know if you would like me to resend that.

Subject: NRRB or CSTAG meeting?

Jen,

Chloe mentioned to me yesterday that there may be a NRRB or CSTAG meeting for the upper 9-mile Passaic River PRP proposed action? If so, when would the meeting be, and what input do you need from me?

Thanks,

Chuck Nace | Environmental Toxicologist | USEPA Region 2 | 290 Broadway, 18th Floor | New York, NY 10007 | T: 212-637-4164 | e-mail: nace.charles@epa.gov
